

I've had satellite radio for 6 months and it has been terrific. I am no longer bound by what my local broadcasters think I want to here. Satellite Radio gives me options in news, sports, weather, traffic, comedy not to mention I get to hear the music I WANT TO HEAR and with no commercial interruption. If I am willling to pay for better variety and entertainment then let me keep my satellite radio. Please reject NAB's petition 04-160 and to support satellite radio's ability to provide the kind of programming that I deserve.
